

NETWORK NOTICE

November 30, 2022

Dear GSQN-New Orleans Participating Provider:

Over the course of the past year, GSQN-NOLA experienced a loss in primary care physicians which drove a loss of managed care contracts. Without these two aspects there is no longer active clinical integration activities which means that there will be no provider evaluation process that includes logging into the GSQN website monthly.

The log in portion of the GSQN website will be decommissioned at January 31, 2023. This demonstration of engagement is not necessary.

Many thanks for your past support, we wish you and your practices continued success.
